INTERNATIONAL TRANSFERS

Personal Data may be transferred to our trusted partners and service providers who maintain their servers outside of the European Economic Area (“EEA”), where the privacy and data protection laws may not be as protective as those in your jurisdiction. This is only for the purposes of providing, and to the extent necessary to provide, the Services to you. There are special requirements set out under Chapter V of the GDPR (with which we would comply) to regulate such data transfers and ensure that adequate security measures are in place to safeguard and maintain the integrity of your personal data on transfer.

For more information about this and the safeguards in place relating to the transfer, please contact us by email at support@mygo.io.

SECURITY MEASURES

We have put in place appropriate security measures to prevent your personal data from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed. In addition, we limit access to your personal data to those employees, agents, contractors and other third parties who have a business need to know. They will only process your personal data on our instructions and they are subject to a duty of confidentiality.

We have put in place procedures to deal with any suspected personal data breach and will notify you and any applicable regulator of a breach where we are legally required to do so.

YOUR PERSONAL DATA AND YOUR RIGHTS

Accessing your Personal Data.

You may request access at any time to a copy of the personal data we hold about you. Any such request should be submitted to us in writing and sent to support@mygo.io. We will need to verify your identity in such circumstances and may request more information or clarifications from you if needed to help us locate and provide you with the personal data requested.

There is usually no charge applied to access your personal data (or to exercise any of the other rights). However, if your request is clearly unfounded, repetitive or excessive, we may charge a reasonable fee. Alternatively, we may refuse to comply with your request in these circumstances.

Right of Restriction.

You may restrict us from processing your personal data in any of the following circumstances:

- you have contested the accuracy of the personal data we hold on record in relation to you or for a period of time to enable us to verify the accuracy of the personal data;
- the processing of your personal data is unlawful and you request the restriction of use of the personal data instead of its erasure;
- we no longer require your personal data for the purpose of processing but you require this data for the establishment, exercise or defence of legal claims; or
- where you have contested the processing (under Article 21(1) of the GDPR) pending the verification of our legitimate grounds.

Corrections or Erasure (Right to Rectification and Right to Be Forgotten).

If we hold personal data concerning you which are no longer necessary for the purposes for which they were collected or if you withdraw consent for us to process your personal data, you can request the deletion of this personal data. This right, however, will not apply where we are required to process personal data in order to comply with a legal obligation or where the processing of this information is carried out for reasons of public interest in the area of public health. If the personal information we hold about you is inaccurate, you may request to have your personal information updated and corrected. To do so at any time, please contact us by email at support@mygo.io.

Your Right to Object.

You have the right to object to the processing of your personal data at any time:

- for direct marketing purposes
- for profiling to the extent it relates to direct marketing
- where we process your personal data for the purposes of legitimate interests pursued by us, except where we can demonstrate compelling legitimate grounds for this processing which would override your interests, rights and freedoms or in connection with the enforcement or defence of a legal claim.

To exercise your right to object at any time, please email support@mygo.io.

Should this occur, we will no longer process your personal data for these purposes unless doing so is justified by a compelling legitimate ground as described above. For more information about our marketing practices, please see the Marketing Communications section below.

Data Portability.

Where we process your personal data by automated means (i.e., not on paper) and this processing is based on your consent or required for the performance of a contract between us, you have the right to request from us a copy of your personal data in a structured, commonly used machine-readable format and, where technically feasible, to request that we transmit your personal data in this format to another controller.

Profiling.

Profiling is an automated form of processing of personal data often used to analyse or predict personal aspects about an individual person. This could relate to a person's performance at work, economic situation, health, personal preferences, reliability, behaviour, location or movements. An example of this would be where a bank uses an automated credit scoring system to assess and reject a loan application.

You have the right to be informed if your personal data will be subject to automated decision making, including profiling. You also have the right not to be subject to a decision based solely on automated process, including profiling, where that decision impacts on your legal rights. There are some exceptions to this rule, where, for example, the decision is necessary in connection with the performance of a contract between us, is authorised by law or where you have given your explicit consent to this automated processing. In this case, however, we do not engage in profiling or automated processing for profiling purposes.

Personal Rights

The rights described in this section are personal rights and are exercisable only by the individual person (or data subject) concerned.

MARKETING COMMUNICATIONS

General.

We will not use your data to send marketing communications to you about promotions, competitions, updates and new products or services that may be of interest to you, unless we have your permission to do so.

Your right to object.

You have the right to object to the processing of your personal data for our marketing purposes. To object or if you change your mind at any later time, you can withdraw your consent to the processing of your personal data for such marketing purposes by contacting us at support@mygo.io. You may also opt out of receiving marketing communications at any time by selecting the unsubscribe option when you receive an electronic marketing communication from us. The withdrawal of your consent will not impact upon the lawfulness of processing based on your consent prior to the withdrawal.

THIRD PARTY MATERIAL

We always endeavour to deal with vendors and other third parties who are GDPR compliant or, in the case of the third parties located outside of the EEA, who are certified as compliant with the EU-US Privacy Shield, as applicable, or who have adequate security measures in place to safeguard the security of personal data. That said, we, our employees, agents, holding company and subsidiaries, accept no liability howsoever arising for the content or reliability of any third party materials or websites referenced by hyperlink or other means on the Site or for the data collection and use practices or security measures used by such third parties. If you submit personal data to any of those sites, your personal data is governed by their privacy policy. We encourage you to carefully read their privacy policies.

CHANGES TO THIS POLICY

Any changes made to this Policy from time to time will be published at the Site.

Any material or other change to the data processing operations described in this Policy which is relevant to or impacts on you or your personal data, will be notified to you in advance by email. In this way, you will have an opportunity to consider the nature and impact of the change and exercise your rights under the GDPR in relation to that change (e.g., to withdraw consent or to object to the processing) as you see fit.
